The recent invention of the wonderful ROTOSCILLO MOVEMENT has made it possible to use the old fashioned shuttle in a rotary sewing machine and still have it sew easier and smoother than any round bobbin machine.

This machine also contains every other convenience known in sewing machines, making it very easy to operate. It has *eight complete Ball-Bearings* in the head and stand. It does the work faster and better than other machines. Guard your health and your temper and save time by using

FREE Ask to see this new invention, it is very beautiful and very complete—a trial will convince you it is what you want.
